

## Some values and mentalities of people who think it is okay to disobey laws they consider stupid

---

Feelings of exclusion, social disconnection, powerlessness, lack of control over their lives, cynicism and fatalism.

But also an ability to adapt to this kind of environment, notably via civil disobedience.

And a feeling that their unrealized potential is being blocked by society. A need to bolster their self-worth and transcend the constraints being imposed upon them.

**AIMLESSNESS** 150

**SOCIAL DISCONNECT** 139

**CYNICISM** 139

**FATALISM** 137

**SOCIAL DARWINISM** 133
